The manufacturer's most favorable warranty offered to preferred customers shall apply to all items. A copy of such warranty shall be furnished to the agency upon delivery of the equipment or product. The successful bidder will not be liable under the above warranty for any defects or damages resulting from unforeseeable causes beyond the control and without the fault or negligence of the bidder, such as misuse or neglect by the State, acts of God, fires, floods, and hurricanes.

Vendor shall enter the manufacturer's most favorable warranty offered to preferred customers: _____

Section 23 Installation

As provided in this Solicitation, the bidder shall clearly state in the bid the time required for installation upon receipt of the Delivery Order. Installation time must be specific and such phrases as, "as required", "as soon as possible", or "prompt" have no meaning and may result in a non-responsive bid.

The Vendor agrees that when installation is not made within the contracted due date, one percent (1%) per day will be deducted from the Vendor's invoice for each day the Vendor fails to meet the contracted installation time.

Section 24 Method of Award

Best Value – Ranking Approach

The Commonwealth intends to award a Contract to the Vendor, whose offer, conforming to the Solicitation, is the most advantageous on the basis of "best value" for all products, services, and requirements contained herein.

An evaluation committee, or a designated individual, will evaluate the information provided by the Vendor in response to the established measurable criteria contained in the Solicitation.

Measurable Criteria:

Each Vendor is responsible for submitting all relevant, factual, and correct information with their offer to enable the evaluator(s) to afford each Vendor the maximum score

| | | | |

based on the available data submitted by the Vendor. VENDOR SHALL ENTER UNIT PRICE AND TOTAL PRICE ON THE BID SHEET. If adequate space is not available, the Vendor must attach additional information that clearly cross-references the appropriate location in the solicitation (i.e. page number, paragraph, subject, etc.).

Vendors responding with the minimum Best Value requirements in this Solicitation shall not be credited with Best Value points. Vendors responding with greater than the minimum requirements shall receive Best Value points. Failure to provide adequate information will impact the evaluated points awarded to the Vendor.

Price (90 Points)

The bidder with the lowest price receives the maximum score. The bidder with the next lowest price receives points based on dividing his price into the lowest price and multiplying that percentage by the available points. Assume \$50,000 is the low offer, then $\$50,000/\$50,000 = 1.00 \times 90 = 90$ points and assume \$55,000 is the next low offer, then $\$50,000/\$55,000 = 0.91 \times 90 = 82$.

Hourly Rate for Installation (10 Points)

The bidder with the lowest hourly rate for installation receives the maximum points. The bidder with the next lowest hourly rate for installation receives points based on dividing his rate into the lowest rate and multiplying that percentage by the available points, i.e. assume \$20/hour is the low offer, then $20/20 = 1.00 \times 10 = 10$ points and assume \$30/hour is the next lowest offer, then $20/30 = 0.667 \times 10 = 6.67$ points.

Section 25

Tax Exempt Status

Do not include Federal Excise Tax, Kentucky Sales, or Use Tax in prices quoted in response to this Solicitation.

Section 26

Basis of Price Quotations/Revisions – Manufacturers Published Price List

Prices will be based on the manufacturers’ published price list, and will only be changed as the price list is changed from general distribution. The proposed price changes must be delivered to the buyer, Office of Procurement Services, and the effective date will be the date the change is made in the electronic procurement system used by the Office of Procurement Services or at a later date if so proposed. Prices will be changed as new manufacturers’ printed prices are posted, and ALL SUCH CHANGES WILL HAVE AN EFFECTIVE DATE TWENTY (20) DAYS FOLLOWING RECEIPT AND ISSUANCE OF A MODIFICATION BY THE OFFICE OF PROCUREMENT SERVICES. This will apply to price changes either plus or minus. The percentage rate (add on or discount) shall

Section 27

Vendor Terms and Conditions

Solicitation or quotation forms that include terms and conditions not in conformity with the terms and conditions of this Solicitation or the Statutes of the Commonwealth of Kentucky may be deemed non-responsive.

The Commonwealth of Kentucky shall not be bound by any part(s) of the bidder's response to this Solicitation that contains information, options, conditions, terms, or prices neither requested nor required in the Solicitation. In the event of any conflicts between the specifications, terms and conditions indicated by the Commonwealth and those indicated by the Contractor, those of the Commonwealth take precedence. The Contract supercedes all bids or other prior agreements, oral or written, and all other communications between the parties relating to this subject.

Section 28

Post Contract Agreements

The resulting Contract shall constitute the entire agreement between the State and awarded Contractor. Unless contractually provided, State agencies utilizing this Contract will not be required to enter into nor sign further agreements, leases, company orders, or other documents to complete or initiate the terms of a Contract resulting from this Solicitation or offer. Any such documents so obtained will be non-binding on the State and agents of the State and will be cause for breach of contract.

Section 29

Equipment

All equipment must be a new and current model. The Commonwealth recognizes the rapid advancement of technology. If the bidder can provide new equipment of advanced technology after the award of the Contract, the Commonwealth and the bidder may choose by mutual agreement to install such equipment. The price of the new technology equipment cannot exceed the cost of the award Contract.

Section 30

Quantity Basis of Contract – Estimated Quantities

Any and all quantities mentioned in this Solicitation are purely estimates, and are not to be implied nor inferred as being guarantees. The State is obligated to buy only that quantity needed by its agencies during the term of the contract. Requirements may exceed the quantities shown and the contractor will be required to furnish all requirements shown on Delivery Orders dated during the life of the contract.

In the event such action is taken, the contract shall be null and void upon receipt of a Modification from the Office of Procurement Services canceling the contract.

Section 36

The establishment of a Master Agreement is not intended to preclude the use of similar products when requested by the agency. The Commonwealth of Kentucky reserves the right to contract for large requirements by using a separate solicitation.

The enumeration of compensable damages contained in this section is not intended to be exclusive and shall not operate to bar recovery by the Commonwealth for any other damages occasioned by the vendor's breach of contract. However, if the contract provides for liquidated damages, the liquidated damages shall be in lieu of all other damages, including those enumerated.

9. **DELIVERY, TRANSPORTATION AND PACKAGING:** If awarded a contract, the bidder shall:

d. Adequately pack all commodities and equipment, according to accepted commercial practice and the packaging and marketing instructions in the contract document. No charges shall be made for packing cases, bailing, crating, barrels, drums, bags or other containers, except that if the bid so specifies, the vendor may make a memorandum charge and require the using agency to return the containers for credit with transportation costs paid by the vendor or pay for the containers if not returned in a reasonable length of time.

10. **REPORTING COMPLIANCE OR BREACH:** Upon being declared the successful bidder, the contractor or vendor shall complete an Equal Employment Opportunity (EEO) template designed by the Finance and Administration Cabinet. Take affirmative action in regard to employment, upgrading, demotion, transfer, recruitment, recruitment advertising, layoff, termination, rates of pay or other forms of compensation, and selection for training, so as to ensure that applicants are employed and that employees during employment are treated without regard to their race, color, religion, sex, age, disability, or national origin. However, if layoffs occur, employees shall be laid off according to seniority with the most recently hired employee being laid off first. Employees shall be recalled in the reverse of the way the employees were laid off.

As an incentive for earlier payment, bidders for state contracts are encouraged to offer discounts for payments made in less than the prescribed 30 days.

18. **MODIFICATION OR WITHDRAWAL OF OFFERS:** An offer may be modified or withdrawn by electronic or written notice received prior to the hour and date specified for receipt of offers. An offer may also be withdrawn in person by an offeror or his authorized representative, if his identity is made known and he signs a receipt for the offer, but only if the withdrawal is made prior to the hour and date set for receipt of offers. A vendor may withdraw or modify an online bid response before the time set for opening bids by applying the appropriate electronic signature and following the procedure in the state's procurement system.

19. **LATE OFFERS AND MODIFICATIONS:** The state's procurement system will not allow submission of online responses after the published date and time for bid closing. The Commonwealth only notifies the successful offeror of an award. Any other interested party may view contract awards posted on the Commonwealth of Kentucky's eProcurement web site. The date the contract award is posted to the Commonwealth of Kentucky's eProcurement web site shall serve as the official notification of award for actions pursuant to KRS 45A.285(2).

22. **CONTRACT MODIFICATIONS:** During the period of the contract, a modification shall not be permitted in any of its conditions and specifications, unless the contractor receives electronic or written approval from the Office of Material and Procurement Services.
